

Product information:

The VC3208 is a flush mount wall controller for volume regulation of voltage controlled amplifiers such as the AMP20MK2. The volume is fluently controllable using the rotatable dial with potentiometer. The connection between the amplifier and the regulator is made using twisted pair CAT5e (or better) cabling fitted with a pluggable terminal block connector. The 45 x 45 mm size is compatible with AUDAC, Niko, Legrand and other standard 45 x 45 mm Mounting frames and cover plates.

Applications:

- Corporate spaces
- Residential

Variants:

- VC3208/W - White version
- VC3208/B - Black version
